

BIOFUEL

Kindling wood is made of dried pine and has dimensions of 2 x 2 x 15 cm or 2 x 2 x 20 cm. It is supplied in plastic bags or plastic nets. We offer only a well-dried kindling wood, its relative moisture is not more than 12%. This kindling wood burns well and has low level of fume. Kindling wood can be used not only to kindle stoves and fireplaces, but also as a combustible for barbecues.
